

afro celotto

Shapes

Asymetric

Bechi

With a large opening and a long tip, or beak, pulled up from one side

Bottiglia

Bottle shape

Collo

Long, pulled neck, like a swan

Disco

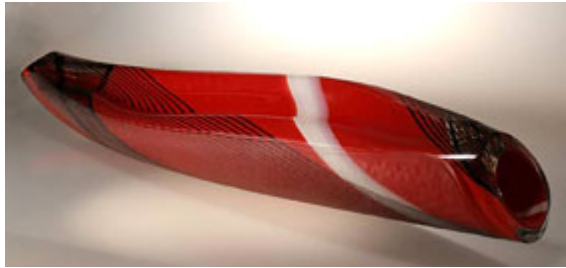

Fazzoletto

A piece with a “wavy” rim; like you are holding a handkerchief upside down by the middle and the edge can roll in and out

Gondole

Luna

Asymmetric (like the moon)

Mandolino

Shaped like a mandolin with a round bottom and a tall, straight, center pulled neck

Mola

Open mouth, no points

Piatto

Plate shape

Piteri

Circus tent shape, wide and round with a short straight neck – it may be tall or short

Vaso Bolla

With a small opening on a rounded top

Zucca

A round bottom and a tall, narrow neck that usually has movement as opposed to being straight.
